## ‘THE TEAM’

Unlike a lot of shows these days, the “Adventure Overland & Campervan Show” is truly an event run by enthusiasts for enthusiasts. I realise this phrase is often misused, but in this case it is 100% true. As such we do not have the massive budgets other events enjoy, therefore without non-paid volunteers helping out, the show simply wouldn’t exist. Please bear this in mind if you ask a marshal where a particular trader is located, or where and when a certain seminar is taking place. The fact is, although willing to help, unless they have a radio they simply won’t have all the answers. If you require specific information or have a problem of any kind, please visit the Event Office. **See you soon ... and thanks for supporting ‘our’ show! Tom McGuigan**
